

Alberta Chapter – Canada Green Building Council Emerging Green Builders Design Competition 2009

Frequently Asked Questions

1. Does the mentor have to be an individual chapter member, or can they just work for a company that is a corporate member?
May work for corporate member
2. Is there a written report component to the submission, or is everything to be presented on the 2 project boards?
If you would like to provide a written description in addition to the maximum of 2 boards you may but it is not a requirement.
3. Do we have to allow for parking? How many stalls?
Up to design team. Take context into consideration when making this decision.
4. Are there special security considerations for protecting the women and children that we need to consider?
Look at precedents.
5. Should each unit/suite be self-contained (eg. In-suite laundry, kitchen, full bathrooms, etc.), or will there be common areas with these? Or is it up to us to decide how to handle that?
Up to design team.
6. Where are the project boards to be delivered or dropped off to on April 17?
