Note:
CaGBC certifies all projects noted under LEED Canada (NC, CI, or CS) and LEED-BC.

LEED-NC v2, LEED-CI, LEED-CS and LEED-EB projects are certified under US Green Building Council (USGBC).

Some Canadian projects certify under the USGBC due to the fact that until CaGBC releases a rating system under which specific project types can certify, Canadian projects are welcome to certify under USGBC. Once CaGBC releases an equivalent rating system under which these projects can certify, all new Canadian projects of that project type are required to register and certify under CaGBC.

Project Name	City	Province	# CaGBC projects	Rating System	Level	Cert. Date	Area (m ²)	Building Type	Owner Type
