WHAT IS IT?

THE CaGBC GREEN HOMES SUMMIT IS A ONE-DAY,
REGIONALLY-FOCUSED EDUCATION SESSION

The 2019 Summit will focus on residential construction, covering both single-family homes (including townhomes and various attached styles) and multifamily projects up to the midrise level (up to 12 stories), and will include sessions on LEED® Canada for Homes, and many regional energy and green building standards.

Delivered as a combined effort from CaGBC National and the Alberta Chapter, the Green Homes Summit is customized by a local program committee and led by local expert builders and developers.

WHO WILL ATTEND?

- » Anyone involved in building “better than code” housing
- » Builders
- » Designers
- » Real Estate Developers
- » Property Managers
- » Architects
