

SASKATCHEWAN CHAPTER

SPONSORSHIP PROSPECTUS 2020

WHO ARE WE?

The Canada Green Building Council® Saskatchewan Chapter provides support and advocacy for LEED® and other CaGBC green building programs in the province. Our network of green building professionals is the premier source for education, training and cutting-edge green building information. The commitment and participation of organizations like yours is crucial for the continual advancement of environmentally responsible design, construction and operations throughout Saskatchewan.

WHAT DO WE DO?

WE FACILITATE LEARNING

We are the leading provider of LEED® education and green building workshops in Saskatchewan. We deliver a diverse range of workshops, tours and informal learning opportunities to green building professionals, facilitating their professional development.

WE CONNECT PEOPLE

The Saskatchewan Chapter hosts networking events which bring together building leaders, professionals and supporters, as well as connecting individuals in the green building community through our educational programs.

WE DRIVE CHANGE

We offer members ways to get involved in the green building community at the local level, providing respected volunteer and leadership opportunities.
