

ON DEMAND

Are you ready to take the next step in your Career?

Earn the Internationally recognized LEED® v4 Green Associate credential to equip yourself with important foundational information on green building principles and practices.

Upon completion of this course, participants will be able to:

- » Explain the various LEED® Rating Systems, categories, and Minimum Program Requirements (MPR).
- » Describe the LEED® certification process.
- » Discuss a number of the intents and general strategies of the numerous LEED® v4 BD+C credits and prerequisites.
- » Differentiate between many of the referenced standards used by LEED®.
- » Recognize synergies between the various LEED® credits.

Green Associate Exam Prep Course

DURATION: Self-paced, 90 day access

Course Highlights

This self-paced online course gives you the tools that you need to prepare for the Green Associate Exam. You will gain access to CaGBC Central, our easy to use online platform for a period of 90 days. This online classroom will contain video modules, a study guide, a candidate handbook, presentation slides including additional notes, and over 500 exam practice questions. In addition, you will gain access to a discussion forum, as well as scheduled live Q&A webinar sessions with one of our knowledgeable instructors.

Instructor

WILLIAM MARSHALL Partner, **Equilibrium Engineering Inc.** Will's background draws on extensive process and project management experience in the commercial, institutional, and industrial sectors. For the last nine years, he has been directly involved in the design and implementation of sustainable buildings and high performance mechanical systems. Will is an experienced energy manager, a certified measurement and verification professional, and a LEED certified AP. During his career, he has worked on a variety of LEED rating systems including NC, BD+C, EB:O&M, and CS. Moreover, Will has been involved in all phases of the LEED building design and verification process, and has acted as a technical expert, project manager, and as an educator.

I WILL LEARN WITH CaGBC EDUCATION

CaGBC is a proven expert in the field of green building. Our courses provide the most current Canadian content, with faculty who are carefully selected for their practical industry experience, and ability to provide in-depth knowledge and real-life examples.
