Benefits of Sponsorship

It's time for Canada's large buildings to be on the path to zero.

Accelerating to Zero is a multi-format program that empowers decision-makers and implementers to start realizing their decarbonization journeys today.

This year's series continues to explore critical issues needed to support buildings in this journey and integrates critical knowledge and practices to facilitate more effective transition planning.

Supporting **Accelerating to Zero** puts your company front and center as we navigate the path to zero.

WHAT YOU CAN EXPECT

- » Strategic dialogues around transition planning as part of the quarterly **Accelerating to Zero Webinar Series**.
- » Intimate 'Ask the Expert' style on-demand interviews as part of the **Decarb Dialogue Series**.
- » **In-person** Zero Carbon learning events
- » Engagement with Canada's leading decarbonization subject matter experts.

Who you will reach

CAGBC represents stakeholders from across the building and real estate sectors. **Accelerating to Zero** events and communications are made available to an audience of more than 15,000 individuals involved in green building.

2024 Transition Planning Webinar Series

Held quarterly, the **Accelerating to Zero Webinar Series** will explore strategic business considerations through dialogues on factors such as processes, resilience, finance and workforce requirements to ensure they are well understood amongst all transition planning stakeholders. Each webinar is interactive and will be recorded as part of CAGBC's permanent collection of zero carbon on-demand resources on the CAGBC Learning Hub.

Webinar Series sponsors can align their brands with either the entire series or a specific session to demonstrate that they are at the forefront as a leading innovator for zero carbon solutions.
